FRESH FLOWERS

Discover in our floral brochure, our collection of sustainable fresh flowers. Grown with eco-friendly practices, these blooms radiate vibrant beauty while upholding environmental responsibility, offering a greener choice for your event. We source seasonal stems locally from growers, ensuring freshness and supporting our commitment to sustainability.

FRESH BUD VASE ARRANGEMENTS

Bud vase or jar arrangements have the ability to bring subtle touches of floral design to every setting. Whilst very popular as table decorations for weddings, restaurants, and hotels, our jar arrangements can be used as a simple, modest decoration for every room. We are able to make some options as preserved flowers.

PRESERVED ARRANGEMENTS

Preserved flowers provide a sustainable solution to traditional fresh floral arrangements. By using a special preservation process that retains their natural appearance and texture, these flowers maintain their elegance without the need for water or sunlight. They can last for months or even years, minimising waste and resource consumption.

LARGER INSTALLATIONS

Large floral installations, including arches, flower walls, and floral props, can dramatically enhance an event by creating visually stunning focal points that captivate guests and provide memorable photo opportunities. These elements add elegance and sophistication, transforming the event space and elevating the overall ambiance.

FLORAL ARCHES & PERGOLAS

Floral arches can significantly impact an event by creating stunning entryways or focal points that enhance the visual appeal and ambiance. Different styles of arches, such as asymmetric, rounded, and square, offer versatile design options to match the event's theme and add a unique, elegant touch.
